spirit pure space...pure bliss
art Architecture Interiors

ONE PROJECT. ONE WORLD.

At SPIRIT, we do not begin by asking
what a project should look like.

We begin by asking:

What world are we creating?

Every project has its own people, purpose, context and possibilities.
We compose its journey through movement and pause,
intimacy and openness, familiarity and surprise.

IDEA → WORLD → EXPERIENCE → EMOTION → MEMORY

We do not seek a signature look.
We seek a signature way of thinking.

PURE spaces.
Purpose before form.
Beyond the Obvious.

WHO WE ARE

Established in 1992, SPIRIT Architects is a multidisciplinary design practice working across Architecture and Interiors. Our work spans Educational, Residential, Commercial / Corporate and Hospitality projects.

We approach every project as an opportunity to discover what is unique to its people, purpose and place - and to translate that into spaces with identity, experience and memory.

THE SPIRIT WAY

Human-centered. Experience-led. Context-responsive.

We believe good architecture is not defined by a recurring visual style. It grows from a clear idea, purposeful planning and a sensitive understanding of how people move, interact, pause, work, live and feel within space.

OUR WORK

EDUCATION

Schools · Campuses · Learning Environments

RESIDENTIAL

Architecture · Homes · Interior Environments

COMMERCIAL / CORPORATE

Workplaces · Offices · Commercial Spaces

HOSPITALITY

Select Hospitality & Experience-led Spaces

CORE SERVICES

Master Planning · Architecture · Interior Design · Space Planning · Furniture & Fixture Design
Lighting, Materials & Finishes · Working Drawings · Tender Documentation · BOQ Inputs
Consultant Coordination · Construction Coordination · Site Reviews

WHAT WE BRING

- A design approach that begins with people, purpose and context.
- Experience across new projects, expansions, transformations and interiors.
- Integration of architecture, interiors, furniture, lighting, materials and wayfinding.
- Detailed documentation and coordinated execution support.
- A commitment to carry the central design idea from concept to completion.

HOW WE WORK

A design process that begins with discovery and carries the central idea through development, documentation and execution.

BEFORE WE DESIGN

What is unique here? → What world are we creating?

What should people experience? → What should remain in memory?

01 DISCOVER	Understand people, purpose, aspirations, context, site and constraints. Define the brief and priorities.
02 CONCEPTUALISE	Define the world. Compose the experience. Develop planning, zoning, concept layouts and design intent.
03 DEVELOP	Resolve spatial character, furniture, lighting, materials, finishes and key design elements.
04 DOCUMENT	Prepare working drawings, details, specifications and BOQ inputs. Coordinate structural, MEP and specialist consultants.
05 TENDER & PROCURE	Support contractor selection, technical clarifications, quotation review and value engineering where required.
06 SUPPORT CONSTRUCTION	Site reviews, drawing clarifications, sample reviews, quality monitoring and design compliance.
07 COMPLETE	Final inspections, snag review and completion support.

THE SPIRIT DESIGN FILTER

PEOPLE FIRST · ONE PROJECT. ONE WORLD. · PURPOSE BEFORE FORM

RHYTHM + PAUSE + SURPRISE · PURE · BEYOND THE OBVIOUS · BUILD WHAT WE IMAGINE

PUBLICATIONS

Featured in Society Interiors, Inside Outside, The Design Source, Index Furniture Journal and Fifty Beautiful Houses of India.
