

## RESIDENTIAL INTERIORS

Design shaped by life, space, and intention

## BELIEF

A home should feel natural to live in.

Good design begins by understanding how people move, pause, gather, and retreat—then shaping space to support those moments quietly.

## LEGACY

Established Practice - Since 1992

Over three decades of experience designing residences with a focus on clarity, longevity, and everyday comfort.

Calm geometry. Measured expression..

Luxury that supports daily life

Responsive, not repetitive

## SELECTED RESIDENTIAL WORKS

A curated  
selection of  
apartments,  
villas,  
and private homes

## Living Spaces

Designed as fluid environments that encourage connection while allowing moments of quiet

## Living Spaces

Spatial layouts defined through proportion, light, and furniture placement

## Dining & Kitchens

Spaces for everyday rituals

## Dining & Kitchens

Planned for efficiency, openness, and ease of movement

## OUR APPROACH

From understanding to form.  
We begin with people—their routines,  
preferences, and priorities—and  
translate these into spaces that feel  
intuitive and resolved.

## Dining & Kitchens

Integrated layouts that feel part of the home

## Bedrooms

Privacy retreats

## Bedrooms

Designed for rest, routine, and calm

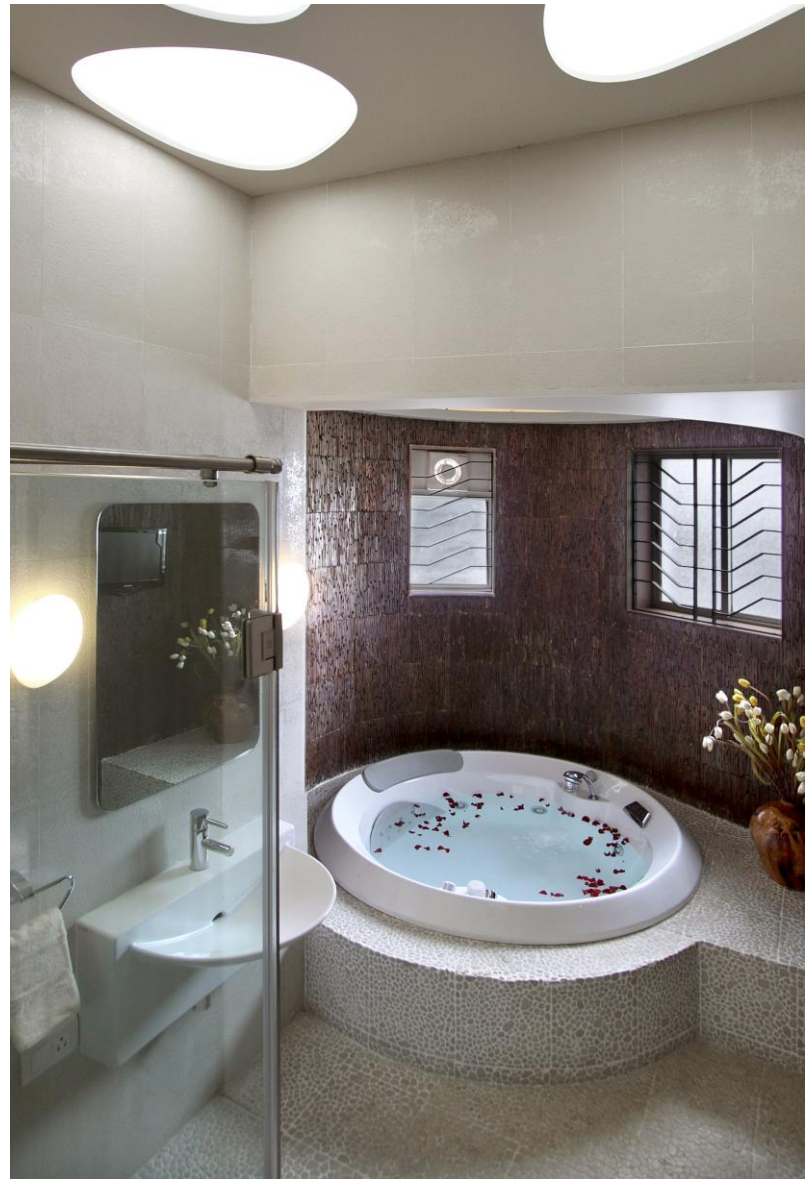

## Bedrooms

Material softness and controlled light define the atmosphere

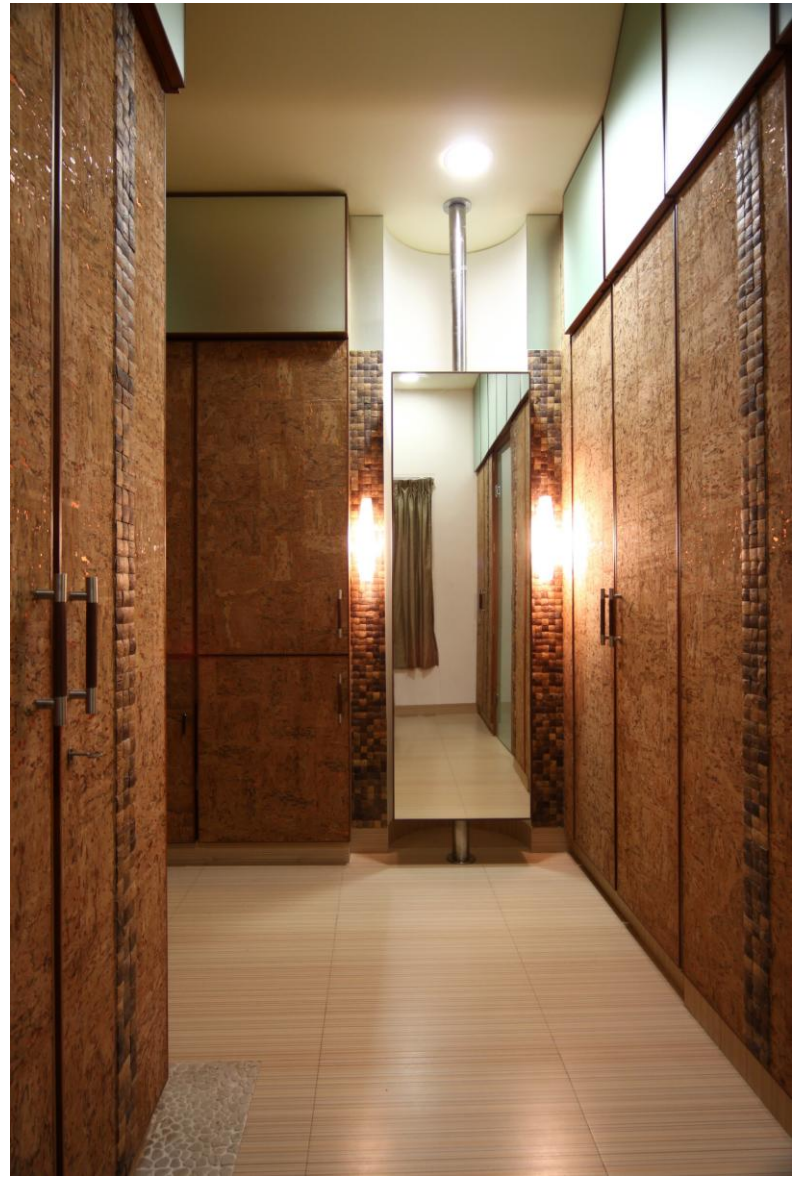

## Bedrooms

Settled, personal, and enduring

## Bathrooms

Understated comfort

## Dressing spaces

Order & Clarity

## Kid's Rooms

Spaces that adapt

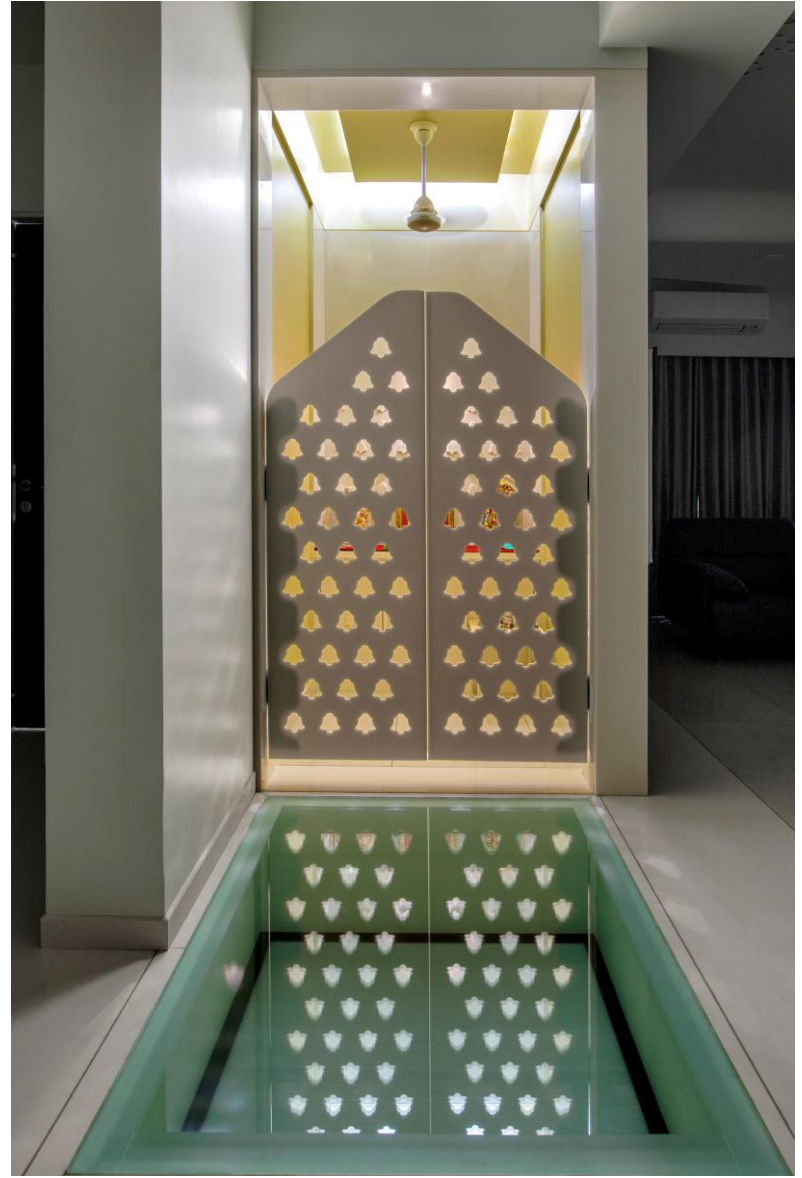

## Kid's Rooms

Designed to grow, not date

## Entertainment

Spaces for Leisure

## Puja

Spaces of meaning

## Publications & Features

Selected projects have been featured in professional publications and platforms, reflecting recognition of design quality and built work.

## PROCESS

A structured design process

- Lifestyle understanding
- Spatial planning and concept development
  - Detailed design and coordination
  - Design continuity through execution

## RESPONSIBLE DESIGN

An inherent approach.

Natural light, efficient planning, and material longevity  
are integrated into every project by default.

A thoughtful approach to residential interiors

## CLIENT PROMISE

One home. One design response.

Every project is developed uniquely, guided by the client's lifestyle rather than a predetermined style.
